**Open 9am – 1pm**

Phone: 357-6521 or 357-7316

### **Greenhouse Etiquette**

- 1) Leave all large bags, purses, backpacks, etc. in your car. Plants can be knocked over on benches because of these objects.
- 2) Do not enter areas that are marked off limits and don't touch plants marked "not for sale."
- 3) Don't touch the tags in the pots. Very often they aren't replaced properly or can be broken.
- 4) Your children and mine we know are perfect, but little fingers do touch. It is best to leave them outside or at home.
- 5) No smoking in the greenhouse...NEVER!

There are other do's and don'ts that may be pet peeves of the owner. Greenhouse etiquette is simply a blend of common courtesy and common sense. Nothing more surely endears you to your host than to show concern for his plants. Nothing hits the grapevine faster than a destructive-visitor alert!
